

DESC

Los servicios públicos de agua potable se causarán y liquidarán conforme a lo siguiente:

AGUA POTABLE: La contraprestación correspondiente a estos servicios se causará y pagará mensualmente de conformidad con lo siguiente:

Para cualquier nivel de consumo, se pagará una cuota básica de:

Beneficencia	\$105.21
Doméstico	\$105.21
Comercial	\$278.79
Industrial	\$278.79

Incluyendo a los de consumo cero. A la cuota básica se agregará el importe que corresponda de acuerdo al nivel de consumo con base en la siguiente tabla:

consumo	doméstico	comercial	industrial
0	\$ .00	\$ .00	\$ .00

Cuando el consumo sea superior a los 275 metros cúbicos para los usos comercial y de servicios e industrial, el costo por metro cúbico será de \$42.39 mas la Cuota básica. Para el uso doméstico, el costo por metro cubico será de \$47.99 mas la cuota básica correspondiente a los usos comercial y de servicios e industrial.

Respecto a los usuarios clasificados como de beneficencia, entendiendose como aquellas instituciones sin fines de lucro; así como los inmuebles federales, estatales, y municipales, pagarán lo correspondiente al servicio de agua potable para el uso doméstico hasta un consumo de 30 metros cúbicos mensuales. Cuando el consumo mensual exceda este volumen, el importe a pagar sera el que resulte de multiplicar el consumo total por \$19.74 como precio unitario por cada metro cúbico.

Cuando un inmueble de uso doméstico se destine de manera adicional para actividades económicas y para las cuales el uso del agua no sea necesario y no cuente con instalaciones hidráulicas especiales, se clasificará como uso mixto, cuyo importe se calculará con base en el uso doméstico, de acuerdo con el nivel de consumo, multiplicado por un factor de 1.15.

Cuando un inmueble de uso doméstico se destine de manera adicional para actividades económicas y no cuente con instalaciones hidráulicas especiales, pero para las cuales el uso del agua sea necesario, se clasificará como uso mixto, cuyo importe se calculará con base en el uso doméstico, de acuerdo con el nivel de consumo, multiplicado por un factor de 1.3.
